VEHICLES WRAPS

WHY CHOOSE SS SIGNS FOR YOUR VEHICLE WRAP?

We are the masters of wrap! We're experienced, fully trained, skilled and boast 3M accreditation. We choose only the highest quality materials. Design excellence, whatever your style our talented designers produce outstanding graphics. We help you every step of the way, from concept to completion, our aim is to exceed your expectations.

WHAT DOES 3M MCS ACCREDITATION MEAN TO YOU?

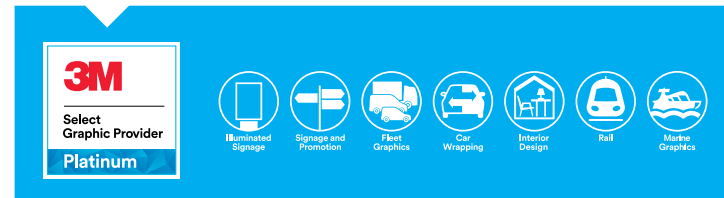

Basically it's a super guarantee! To achieve 3M's Platinum Accreditation is no mean feat. 3M are recognised as the leading supplier of innovative products & adhesives used for all types of applications worldwide. 3M draw on SS Signs experience and knowledge when they have an application problem with a wrap. It's a huge compliment that 3M choose to consult with us for advice and solutions. We've completed the 'master class'.

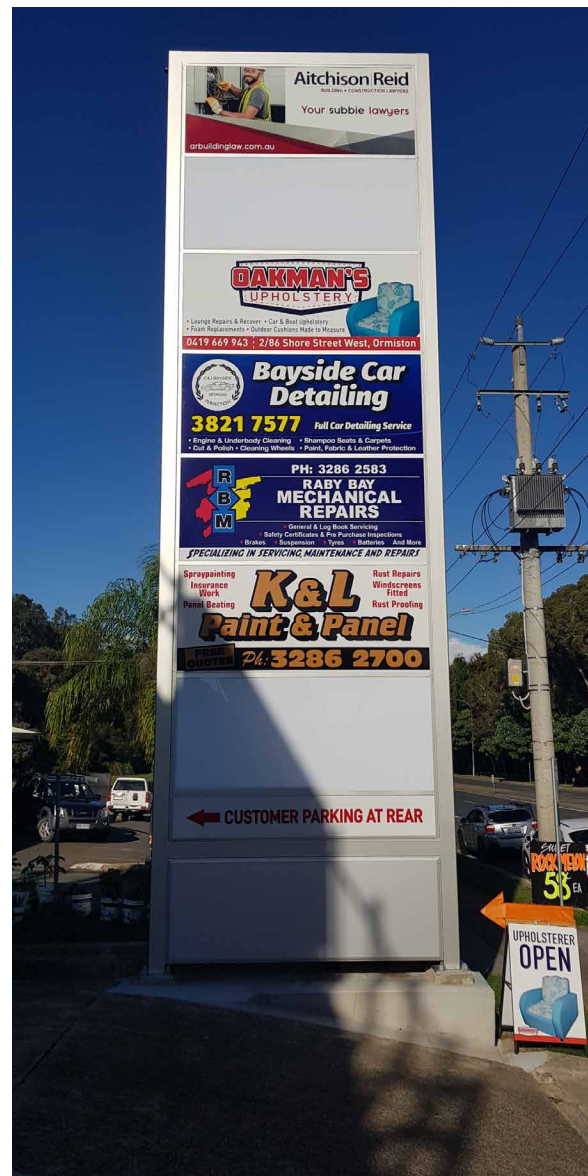

ADVERTISING ON THE GO

Have you ever contemplated how many kilometers per annum you travel? How many hours your vehicle is parked or on the go? We think of vehicles as prime advertising real estate that promotes your company, brand and product all at the same time! Vehicle wraps are one of the best ways to promote 24/7. There's no limitations on industry working equally across all platforms.

YOU WILL LOVE THE RESULT

Our client focused talented team will provide the ultimate design for your vehicle, or you can always bring your own design. We enjoy working with you to achieve an eye catching result. Still not convinced? Take a look at our beautiful gallery and our clients that trust SS Signs.

PYLON SIGNS

YOUR PYLON, YOUR WAY

Pylons are the cornerstone of any complex providing advertising and wayfinding solutions for your tenants and customers. At SS Signs we can design, manufacture and install the pylon to your specifications. Single sided, Double sided or V shaped - no configuration is too complex.

THE OLD FIXER UPPER

If you have an existing pylon, we can simply freshen up the look or totally refurbish your structure. Including updating of electricals and lighting or acrylic panels. A classic case of no job too big or too small.

VARIABLE ADVERTISING

Your options for pylon signs don't just stop at static lightboxes. The future is LED and we can offer partial LED displays to provide additional variable information. Want more? How about a complete LED conversion! With high resolution LED technology, the possibilities really are endless. Give us a challenge!

You want to be the biggest and the best - and you can't get much bigger than a pylon sign

LED SIGNAGE

We build various indoor & outdoor LED signs for all Commercial and Domestic Applications. Utilising both Dual In-line Package (DIP) and Surface Mount Device (SMD) technology. We can provide some of the highest resolution screens on the market to date. With years of LED screen knowledge SS Signs can help you select the most appropriate LED product taking into account size, environment, resolution, and viewing distance.

EASY & CONVENIENT

LED signs are the most cost effective way of advertising multiple businesses in the one location. Remote capability means you can upload or change multiple promotional messages instantly. The benefits of LED signs makes them unbeatable value for money.

WE DO IT ALL

We handle the complete process of LED Signage. From the initial planning and design - to engineering and council approvals - to fabrication, manufacturing and installation. Our expertise doesn't stop there, we can then offer complete servicing and maintenance to make sure your investment is running at peak efficiency.

We do it all.

Banner Mesh, Billboards, Shade Cloth, Composite Panel and Site Hoardings. We have all your Wide and Grand Format needs covered.

WIDE FORMAT PRINTING

WHAT IS WIDE FORMAT PRINTING?

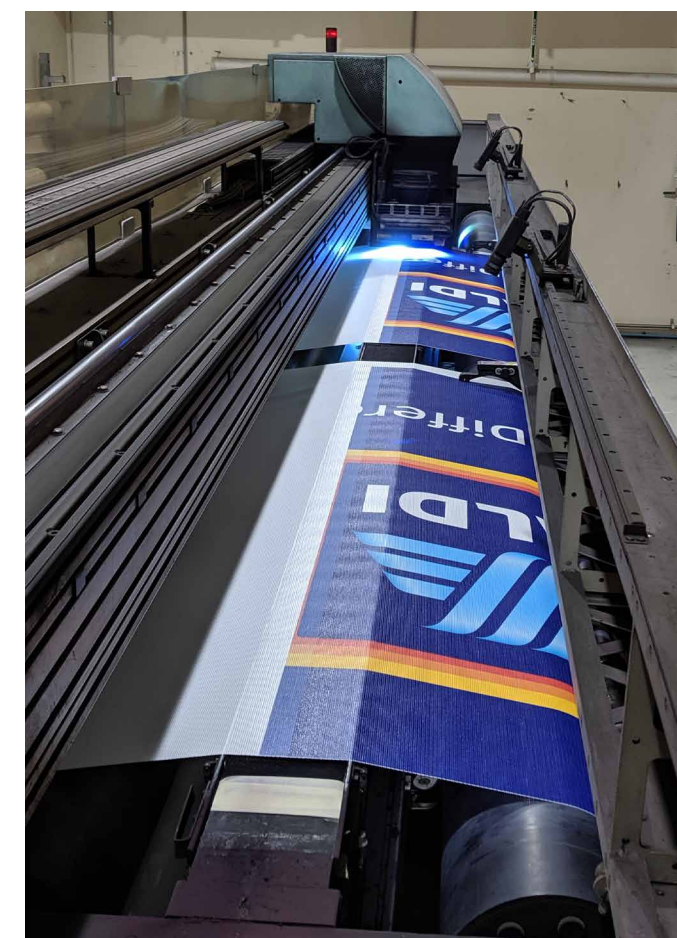

Simply put, wide format printing is digital printing on a grand scale. This digital process delivers excellent high quality reproductions. Perfect for marketing, trade shows and business promotions. Available for indoor and outdoor use.

WHAT ARE THE BEST APPLICATIONS FOR WIDE FORMAT PRINTING?

There are so many situations when marketing your business where wide format is the best solution. Billboards, site hoardings, banner mesh, posters, vinyl banners, wall graphics, car graphics the list is endless when applying the imagination!

WHY CHOOSE SS SIGNS FOR WIDE FORMAT PRINTING?

At SS Signs we invest in high quality equipment that provides our clients with top quality digital produced print for large reproductions, typically not achievable by conventional printing press production.

3D FABRICATED & EXTRUDED SIGNS

MULTI-DIMENSIONAL

With unlimited applications and styles, 3D extruding signs are an increasingly popular choice. Suitable for indoor or outdoor use, and perfect for creating an upmarket architectural look to any reception area.

SPECIAL EFFECTS

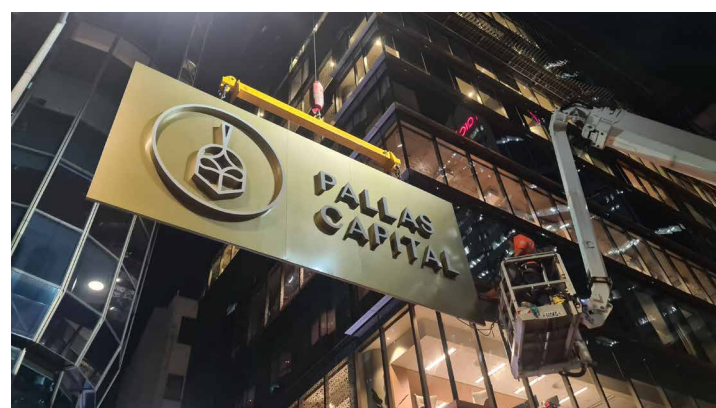

What you will love about extruded signs aside from their stunning 3D effect is the additional impact that a natural or artificial light can throw upon your sign. Shadows and lighting add to the drama, we can even back-light your sign to create additional mood or vibrancy.

CLASSIC TO MODERN

SS Signs produces premium signage using the right materials for your application. From durable laser cut acrylics, metals and timber we have something to suit every application, budget and style. Here at SS Signs we'll help you every step of the way from concept to installation.

AWESOME DESIGN

With our talented team of graphic designers and digital specialists the only thing left is your imagination! Too busy to dream? Leave it to us - we will design your signage, branding and create just for you an outcome that not only pleases but completely exceeds your expectation. That's the SS Signs promise.

STICKERS & DECALS

WHAT A GREAT SOLUTION!

The perfect way to add a little branding to your product or one-off promotion/event. Equally perfect for long term shopfront signage or tiny decals like bumper stickers. Affordable, easy and ideal for interior and exterior use. Wide format provides ultimate print quality and exposure that grabs attention.

JUST A FEW OF THE BENEFITS

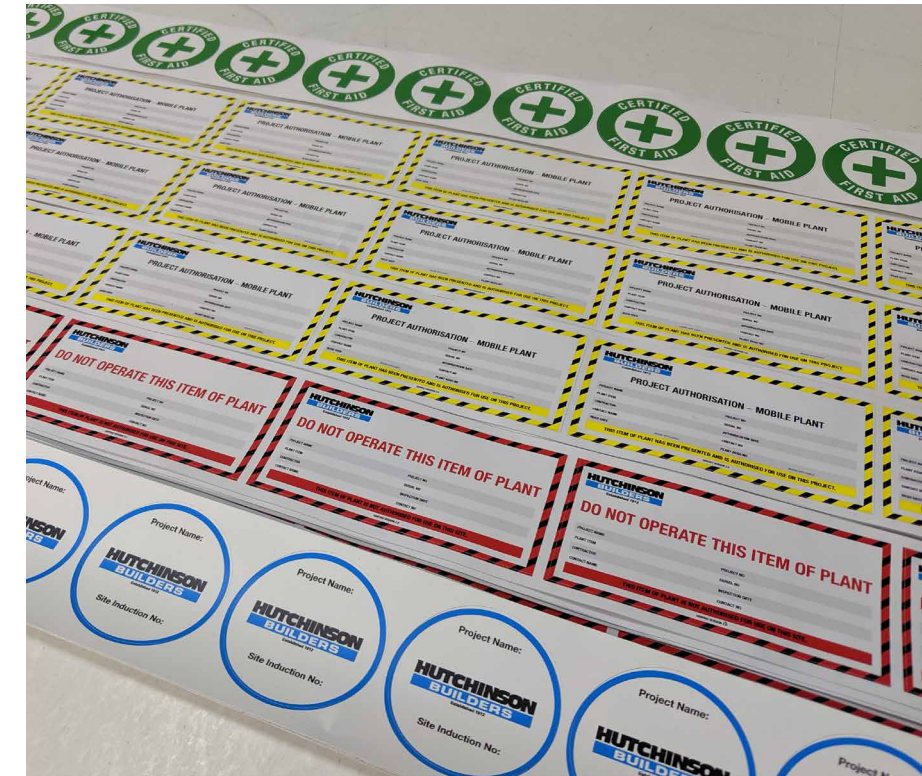

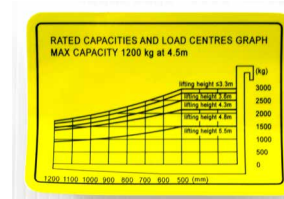

Our state of the art equipment, superior 3M and Avery products and special purpose inks deliver you the best outcome for your application. Easy to apply and easy on the pocket. Choose from UV resistant vinyls in a wide range of colours and even with anti-graffiti coatings. Did you know we also provide a full design service? You will love what we do at SS Signs.

WHEN ONLY THE BEST WILL DO

You'll receive personalised support, we enjoy providing you with the best advice whatever your situation. Our friendly and experienced team of creatives will work closely with you to determine the best solution for your needs.
